Wrap Around Cases

A wrap around packing solution to meet your specific requirements:

► TECHNICAL CHARACTERISTICS

- > Compact and ergonomic design
- > Modular product and case handling sub-assemblies
- > Low case magazine to ease loading, motorized extraction
- > Fully servo-driven machine

► IMPROVED FUNCTIONALITY

- > Cantilever design of the blank transfer mechanism
- > Retention zones minimised
- > Machine easy to clean
- > Maximum product tracing guaranteed
- > Unique standard case automation module

► PERFORMANCE

- > Speed: up to 35 blanks/min depending on the application and specific adaptations
- > Automatic tripping of the bracket chain to enable quick and easy format changeovers
- > Flexibility in your choice of packaging: wrap around case with short flaps, trays with upper ledges, trays with low, high or sloping sides
- > Option: automatic size changeovers

WB25
